

**GRAFTON FUEL PUMPING POLICY**

**Purpose:** The purpose of this policy is to define conduct which must be adhered to while pumping fuel at the Town Garage. It is the intent of this policy to prevent any future fuel spills at the Town Garage and to establish a bright line rule of acceptable and unacceptable conduct.

**Application:** This policy shall apply to all operators of the fuel pump at the Grafton Town Garage.

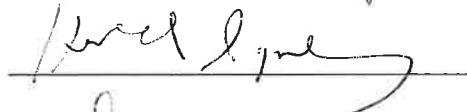

Operator shall attend the fuel pump while fueling any vehicle at all times. "Attend the pump" shall be narrowly construed to mean physically clutching the fuel lever at all times while the fuel is dispensing. After the operator is done dispensing, he shall place the nozzle back on the pump. Operator shall mean any person (town employee or non-town employee), pumping fuel from any pump at the Town Garage.

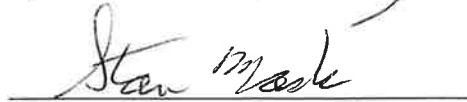

ADOPTED this 28<sup>th</sup> day of January, 2008 in Grafton, Vermont.
