

Grafton BF 0125(6)
[Grafton Bridge #20 Replacement Project]
Final Construction Update
and End-of-Season
Survey Announcement

DATE: Friday, December 20, 2024

TRAFFIC IMPACT AND DURATION: Today, December 20, between 7 a.m. and 5 p.m., crews will complete preparations for the winter shutdown outside the roadway. Traffic impacts are not anticipated. By 5 p.m., crews will be off-site for the winter and will return in Spring 2025.

CONSTRUCTION ACTIVITIES: This week, crews finished removing the existing bridge, restoring the Saxtons River stream bed at the former bridge pier locations, and installing stone fill along the slopes of the Saxtons River channel to stabilize the banks and prevent erosion.

This is the final Construction Update for the 2024 construction season. Construction activities will resume in spring 2025.

Crews complete site restoration surrounding the new Bridge #20 over the Saxtons River along VT 121 in Grafton, VT, in preparation for the winter shutdown.

LOCATION: On Vermont Route 121 in the Town of Grafton over the Saxtons River, just east of the intersection with Fisher Hill Road.

NEW PROJECTED COMPLETION: Summer 2025

Share your feedback with VTrans with the End-of-Season Survey!

The Vermont Agency of Transportation (VTrans) is launching an [end-of-season survey](#) for the Grafton Bridge #20 Replacement Project. VTrans seeks your feedback on the construction impacts and public outreach this construction season. Please take a moment to share your experiences with the Project Team.

Please [click here](#) to access the survey. The survey will close on Friday, January 24.
